The power of refreshing and reviving every part of the languid body is what makes Paine's celery compound the marvelous strengthener and invigoraor of this century. It is this same capacity to recruit the worn-out nervous system, to rejuvenate the blood that has enabled this remarkable remedy to help so many debilitated persons and

to restore them again to firm health. Rheumatism, neuralgia, pain in the region co the heart, debility and neryous weakness, showing itself in any of Its myriad forms, are dispelled by Paine's celery compound. It feeds enervated tissues all over the body. Pain's "Last Days of Pompeli," which was seen for the second time at the Savin Rock ball park last evening, was attended by fully 1,500 people. The Lenton Bros. received foud bursts of applause last night, their act being a very amusing one. The head to head balancing is one of the greatest acts seen here. He was quite a favorite with his playmates and was a promising boy and an only son, so the blow falls especially hard on his bereaved parents. ### CURES THE TOBACCO HABIT IN 4 TO 10 DYAS OR MONEY REFUNDED.

Use All the Tobacco You Want Till Your "Craving" is Gone.

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle and one Money refunded if a cure is not effected when taken according to

Springfield, Mass.,
Gentlemes—Replying to yours of the
lst, would say that I have used tobacco
for 46 years, and of late have consumed
a 16-cent plug a day, besides smoking
considerably. I commenced to use tobacco when I was only II years old, and
have never been able to give up the
habit until I took NARCOTI-CURE, although I have tried other so-called ramedles without effect. After using your
remedy four days, all "nankering" for
chewing disappeared, and in four days
more smoking became unpleasant. I
bave no further desire for the weed, and
experienced no bad effects whatever. I
am gaining in flesh, and feel better than
I have for a long time. To all who wish
to be free from the Tobacco habit I
would say, use NARCOTI-CURE.

Yours truly, W. N. WAITE.

If your druggist is unable to give you full particulars about NARCOTI - CURE. send to us for Book of Particulars free, or send \$5.00 for a bottle by mail.

At the Opening Chicago Gas Rallied and the Railway List Moved Up.

New York, July 1.-There were two sides to the stock market to-day and those operating for lower prices found this out at an early hour. At the opening Chicago Gas railied about 2 points and the railway list on higher cables from London moved up 1/8 to 1/8 per

The bears on the industrials then made another attack and brought about decline of 14 to 16 per cent. In this decline Chicago Gas sold down to 58%. Tobacco to 117 and Sugar to 1051/2. Much to the disappointment of the bear contingent this raid was practically ignored so far as the rallway list was concerned and for the remainder of the day the shorts devoted their time to getting back the stock put out on the theory that the break in the industrials would start liquidations.

Again the shorts in the industrials were somewhat disturbed by the bids made by a leading Broad street house, which has been identified with the property in the past for the dividend or any part of 10,000 shares. This firm offered to give % per cent. if the dividend is to be quarterly and 11/2 if declared semi-annually. This apparently had the effect of setting at rest the talk that the directors will pass the dividend, although it did not stop the gossip about a bond issue by the com-
